**Dr Helena Ashworth**

Medivet

Dear Dr Ashworth,

I'm writing about the Senior Veterinary Surgeon position at the Medivet Cambridge practice. I've been a senior vet at Vets4Pets Cambridge for the past three years, handling 20-25 consultations daily and performing 4-6 surgeries a week across a practice with 6,500 registered patients, and I'm looking for a role in a practice group that invests more heavily in clinical development and referral-level work.

At Vets4Pets, I introduced a senior pet wellness programme that enrolled 180 patients in its first year, generating £42,000 in additional revenue and. More importantly. Detecting early-stage kidney disease in 23 cats that would otherwise have been missed. I led the practice to ISFM Cat Friendly Clinic Gold accreditation, and I have a strong interest in soft tissue surgery and feline medicine. I completed my RCVS CertAVP in Small Animal Surgery in January and I'm keen to develop further in surgical complexity. Before Cambridge, I was at Companion Care in Peterborough and did my graduate year at the RVC's Beaumont Sainsbury Animal Hospital.

Medivet's approach to clinical standards. The emphasis on evidence-based protocols and access to specialist support. Is what sets it apart for me. I'd welcome the chance to visit the practice and discuss how I could contribute to the team.

Kind regards,

Aoife Caldwell
