

# Megan Davies

GRADUATE VETERINARY NURSE

## EXPERIENCE

**Student Veterinary Nurse (Final Placement)**, Valley Veterinary Group, Cardiff *Jan 2025 – Nov 2025*

Completed an 11-month clinical placement at a busy 4-vet small animal practice with a caseload of 120 consultations per day.

- Assisted in **300+ surgical procedures** including spays, castrations, lump removals, and emergency laparotomies
- Monitored anaesthesia for **150+ cases**, maintaining detailed anaesthetic records and adjusting parameters as directed
- Conducted **80+ nurse consultations** covering post-operative checks, weight clinics, and vaccination appointments
- Processed **200+ laboratory samples** including haematology, biochemistry, and urinalysis using in-house analysers

**Kennel Assistant (Part-time)**, RSPCA Llys Nini Animal Centre, Swansea *Jun 2022 – Dec 2024*

Cared for rescue dogs, cats, and small animals while completing university studies.

- Fed, walked, and monitored the health of **40+ animals daily** across the shelter
- Assisted veterinary staff with **15+ health checks per week** on newly admitted animals
- Supported **50+ successful rehoming events** by advising potential adopters on animal behaviour and care needs

## CERTIFICATIONS

**RCVS Registration (Registered Veterinary Nurse)**, Royal College of Veterinary Surgeons *Dec 2025 – Dec 2025*

**ISFM Certificate in Feline-Friendly Nursing**, International Society of Feline Medicine *Jun 2025 – Jun 2025*

## EXTRA CURRICULAR ACTIVITY

**Volunteer - British Hedgehog Preservation Society Rescue** *Mar 2023 – Jun 2025*

Fostered and rehabilitated **30+ injured hedgehogs** at home over 2 years, including tube feeding, wound care, and parasite treatment.

## PROFILE

RCVS-registered veterinary nurse with clinical placement experience across small animal general practice, emergency out-of-hours, and exotic animal care. Completed **2,400+ hours** of supervised clinical training at practices in South Wales. Assisted in over **300 surgical procedures** and managed anaesthesia monitoring for **150+ cases**. Graduated from the University of South Wales with a **2:1 (62% average)** in Veterinary Nursing Science.
