Software Engineering graduate from Nottingham Trent University with a keen eye for detail and a passion for software quality. Completed a **3 month internship** in a QA team where I wrote **120+ test cases** and logged **45 defects** across 2 product releases. Experienced in manual testing, bug tracking, and basic test automation using Selenium. ISTQB Foundation Level certified.

# Amara Osei

JUNIOR QA TESTER

## EDUCATION

### BSc (Hons) Software Engineering in Software Engineering

Nottingham Trent University, Nottingham  
Sep 2022 – Jul 2025

Graduated with Upper Second Class Honours (2:1, **66% average**). Dissertation on automated visual regression testing for web applications, graded **72%**.

- Relevant modules: Software Testing & Quality Assurance, Agile Development, Database Systems, Web Development, Object-Oriented Programming
- Received the **Best Dissertation Award** in the software engineering pathway

## SKILLS

- Manual Testing
- Test Case Design
- Selenium WebDriver
- Jira / Bug Tracking
- Cross-Browser Testing
- Regression Testing
- SQL
- API Testing (Postman)
- HTML & CSS
- Agile / Scrum
- Attention to Detail
- Technical Documentation

## CERTIFICATIONS

### ISTQB Certified Tester Foundation Level

ISTQB  
May 2025 – May 2025

## LANGUAGES

- English - Native
- Twi - Conversational

## EXPERIENCE

### QA Test Intern, Experian, Nottingham

Jun 2025 – Aug 2025

Joined the QA team for a 12 week summer internship testing a consumer-facing credit score product.

- Wrote **120+ manual test cases** covering functional, regression, and edge case scenarios across **2 product releases**
- Logged **45 defects** in Jira, including **3 critical bugs** that were fixed before production release
- Performed **cross-browser testing** across Chrome, Firefox, Safari, and Edge on **4 operating systems**
- Began writing automated tests using Selenium WebDriver, completing **15 automated scripts** for the login and registration flows

### Library Assistant, Nottingham Trent University, Nottingham

Jan 2024 – May 2025

Part-time role in the university's Boots Library during term time.

- Processed an average of **150 book loans per shift** and maintained shelving accuracy above **98%**
- Assisted **20+ students per shift** with database searches and referencing queries

## PROJECTS

### Visual Regression Testing Framework (Dissertation)

Oct 2024 – Apr 2025

Built an automated visual regression testing tool for web applications as a final year project.

- Developed using Python, Selenium, and Pillow, comparing **500+ screenshot pairs** across test runs
- Detected **92% of intentional visual changes** with a false positive rate below **3%**
- Presented findings to a panel of **4 industry professionals** and received the Best Dissertation Award

## EXTRA CURRICULAR ACTIVITY

### Mentor - NTU Code Club

Sep 2024 – Jun 2025

Mentored first-year computing students through weekly drop-in coding sessions.

- Supported **15 students** with programming fundamentals, debugging, and assignment preparation
- Ran **4 revision workshops** before exam periods, attended by an average of **25 students** each
